ACKNOWLEDGEMENT

The Satisfaction and euphoria of the successful completion of any task would be incomplete without the mention of the people who made it possible. The constant guidance of these people and encouragement provided by them crowned my efforts with success and glory. I consider it as a privilege to express my gratitude to all those who led and guided me in the course of this project.

First and foremost I would like to express my gratitude to my institution **THE OXFORD COLLEGE OF ENGINEERING** for making it possible for me to be a part of this project in the MCA program.

I express my sincere gratitude to **Dr. M.S. Shashidhara, HOD**, Department of Computer Application , The Oxford College of Engineering , for providing us the opportunity to materialized this project.

I am deeply indebted to my Mini Project Coordinator **Prof. Mridulla Shukla**, Asst. Professor, Department of Computer Application, The Oxford college of Engineering, Who guided me providing lots of support and timely advice in completing the Mini Project.

Finally I thank my parents and the MCA Department staff who have been a constant source of inspiration for the completion of this project.
